

Goal - A wow writer!

First milestone	To build up whole body, arm and hand strength through play activities and focussed sessions. To enjoy mark making and emergent writing, including representing their own name.
Second milestone	To begin to write recognisable letters using the correct letter formation.
Third milestone	To have a dominant hand and a good pencil grip in order to begin to write simple words using their phonic knowledge to segment for writing.
Final milestone	Who has built a strong power pack to be physically ready for writing. Who can write recognisable letters correctly (mostly), write words and sentences, (using single sounds, digraphs and some tricky words they have learnt) that can be read by others.
