

Pupil Questionnaire: December 2022

The children's answers are very honest, and they have obviously put a lot of time into their answers. In the New Year, I will go through the answers with the children in assembly and talk through ways in which we can continually improve. The School Council will also analyse this data in their meetings. The answers are very positive with a few areas to develop which stand out. This makes the whole exercise very purposeful and makes the questionnaire useful. A huge thank you to the pupils for taking the time to complete the questionnaires.

1. What year are you in?

[More Details](#)

2. Teaching

[More Details](#)

Teachers help me do my best

I get help if I need it in class

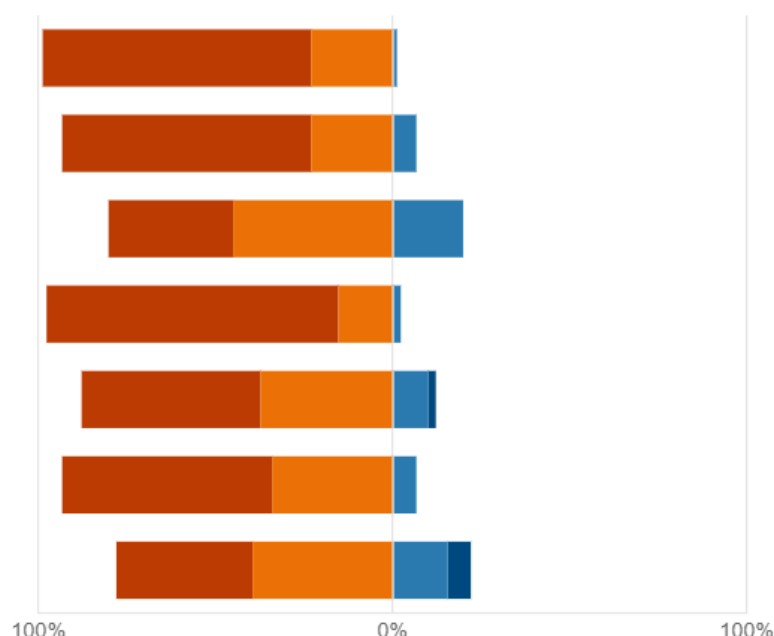

My homework helps me with my work

My teachers expect me to do my best

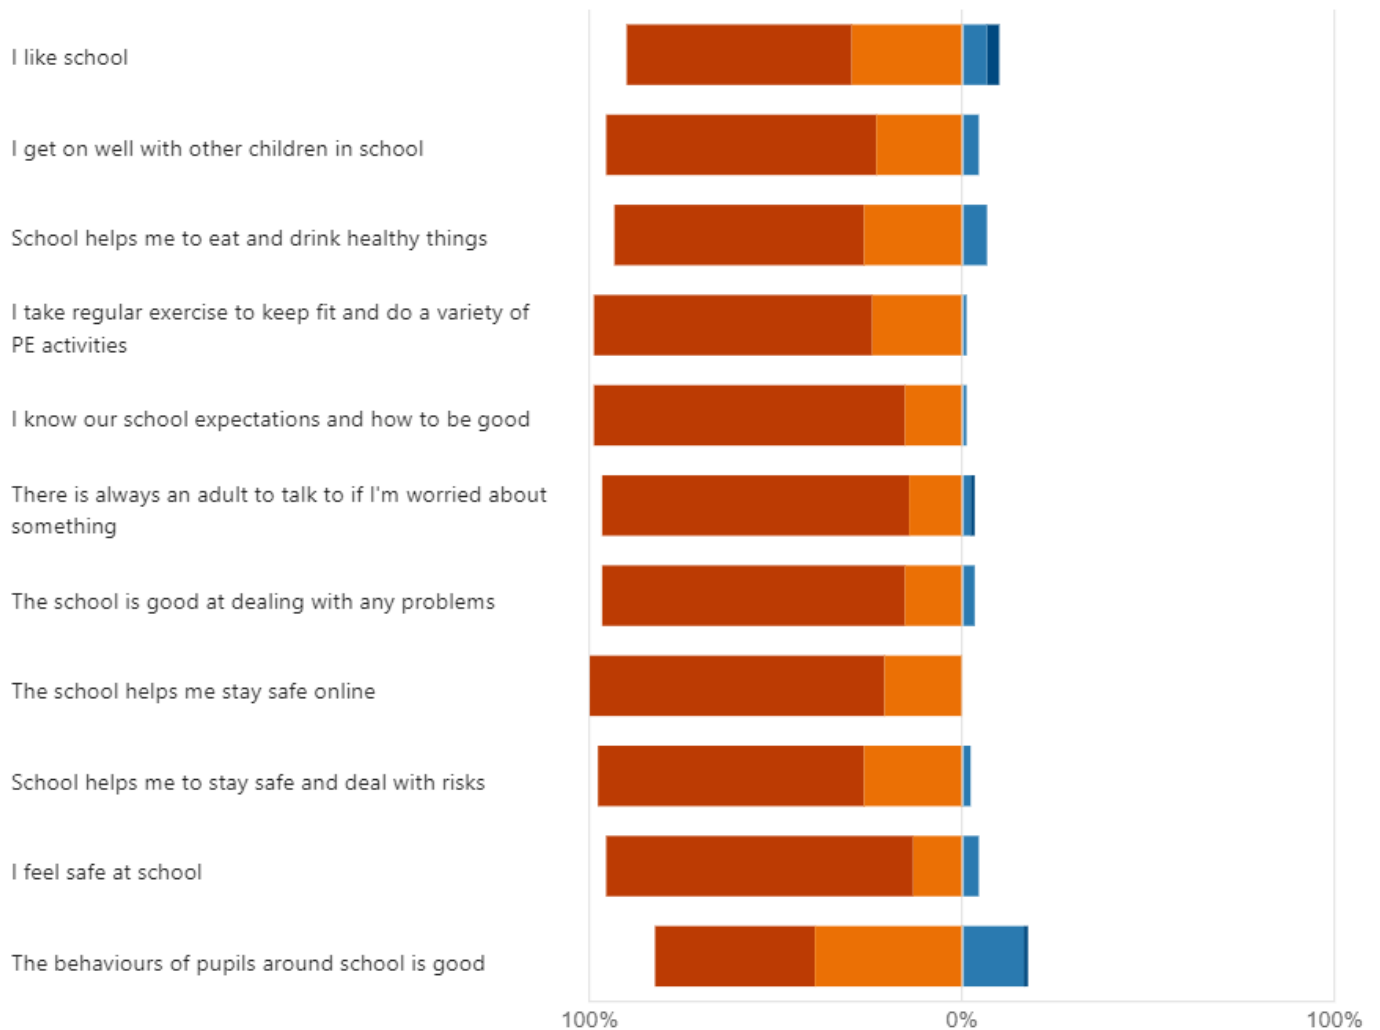

I know what I need to do to improve (my next steps)

I am doing well(making progress/ improving)

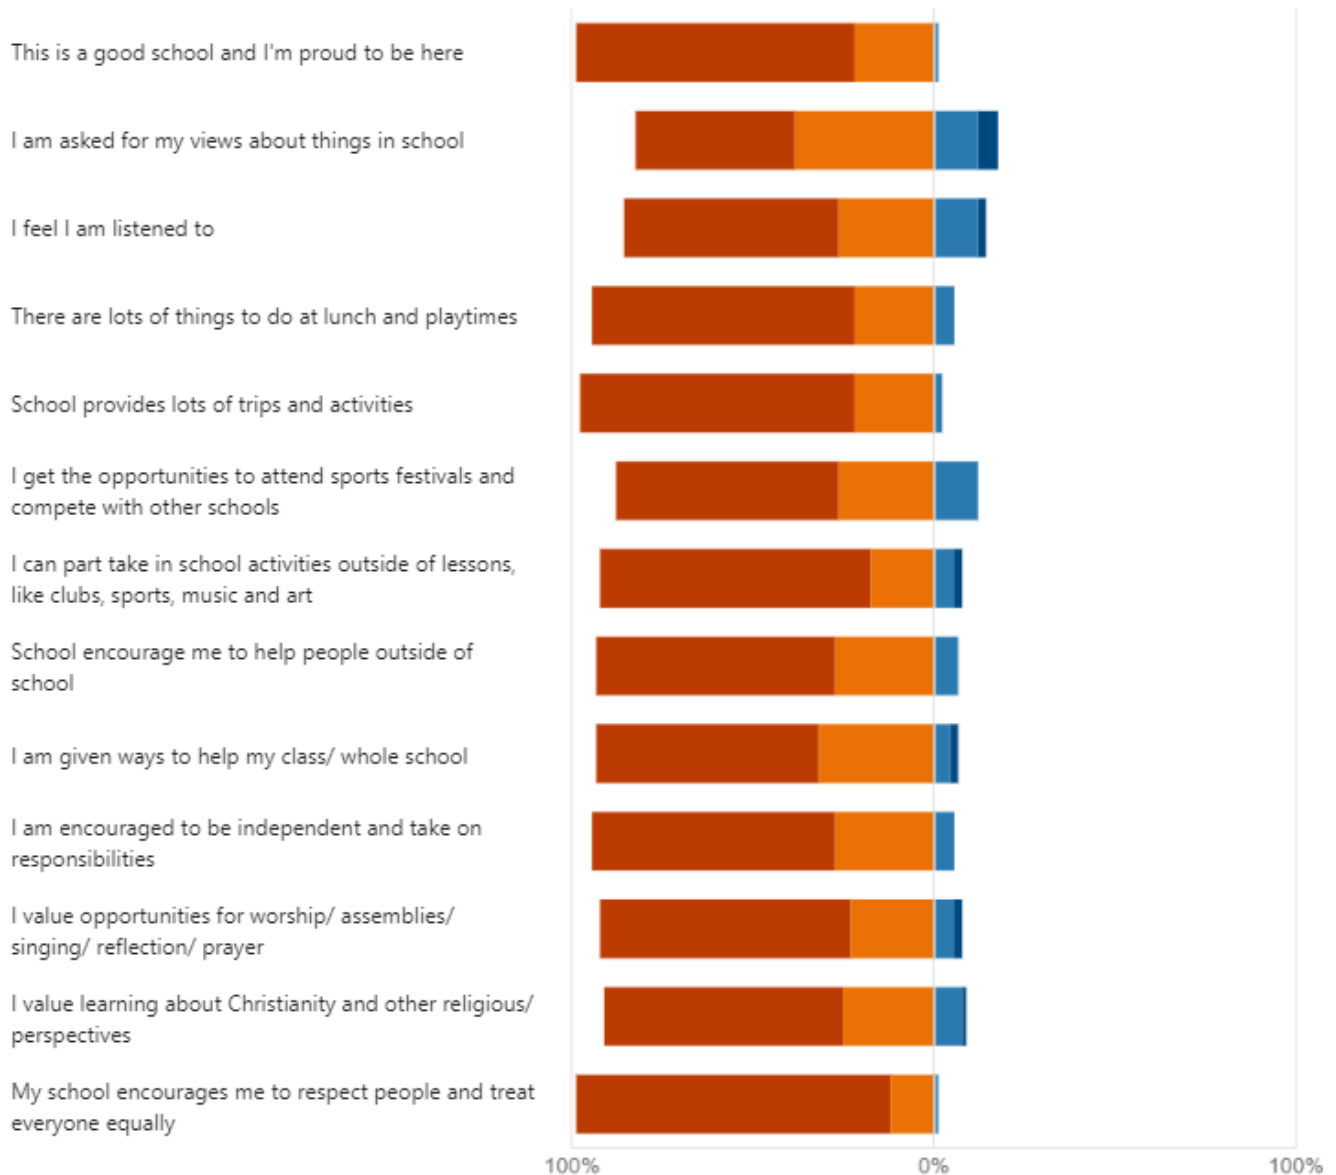

I learn well because people in class behave well

- Pupils feel that teachers help them to achieve well.
- Most pupils think that they are doing well but a few not sure about next steps. This will be shared with teachers so we can look at how next steps are shared with the children can make improvements here.
- A number of children feel that pupils don't behave well in class. This is an interesting one as behaviour is exceptional across the school, but both pupils and staff have high expectations for behaviour. We will discuss this in assemblies in the New Year to look at ways in which pupils feel we can improve this.

- Generally, the children seem very happy at school and well supported.
- They feel that they can talk to adults about any issues and the school deals with problems well.
- They feel safe and know how to deal with any risks
- Once again, the children feel that behaviour around school should be improved. I will speak to the School Council in the New Year to try and unpick when/ where they are concerned about behaviour.

- The children feel that this is a good school.
- Some of the children don't feel listened to and asked about their views. We have a School Council and make a lot of decisions together alongside the pupils. It would be good to unpick any thoughts from the children of how this could be improved further.
- Generally, the school feel that there are things to do at breaktimes and enough trips but they would like more sporting events and festivals.
- They feel that the school encourages them to treat everyone equally.

Additional comments from pupils

- Clee Hill school is very good school and I feel safe inside school
- Clee Hill is very good
- CLEE HILL IS THE BEST SCHOOL.
- My school is fun to go to. I like the food and my teachers and friends are very nice. Sometimes I get too excited
