I know what I need to do to improve (my next steps)

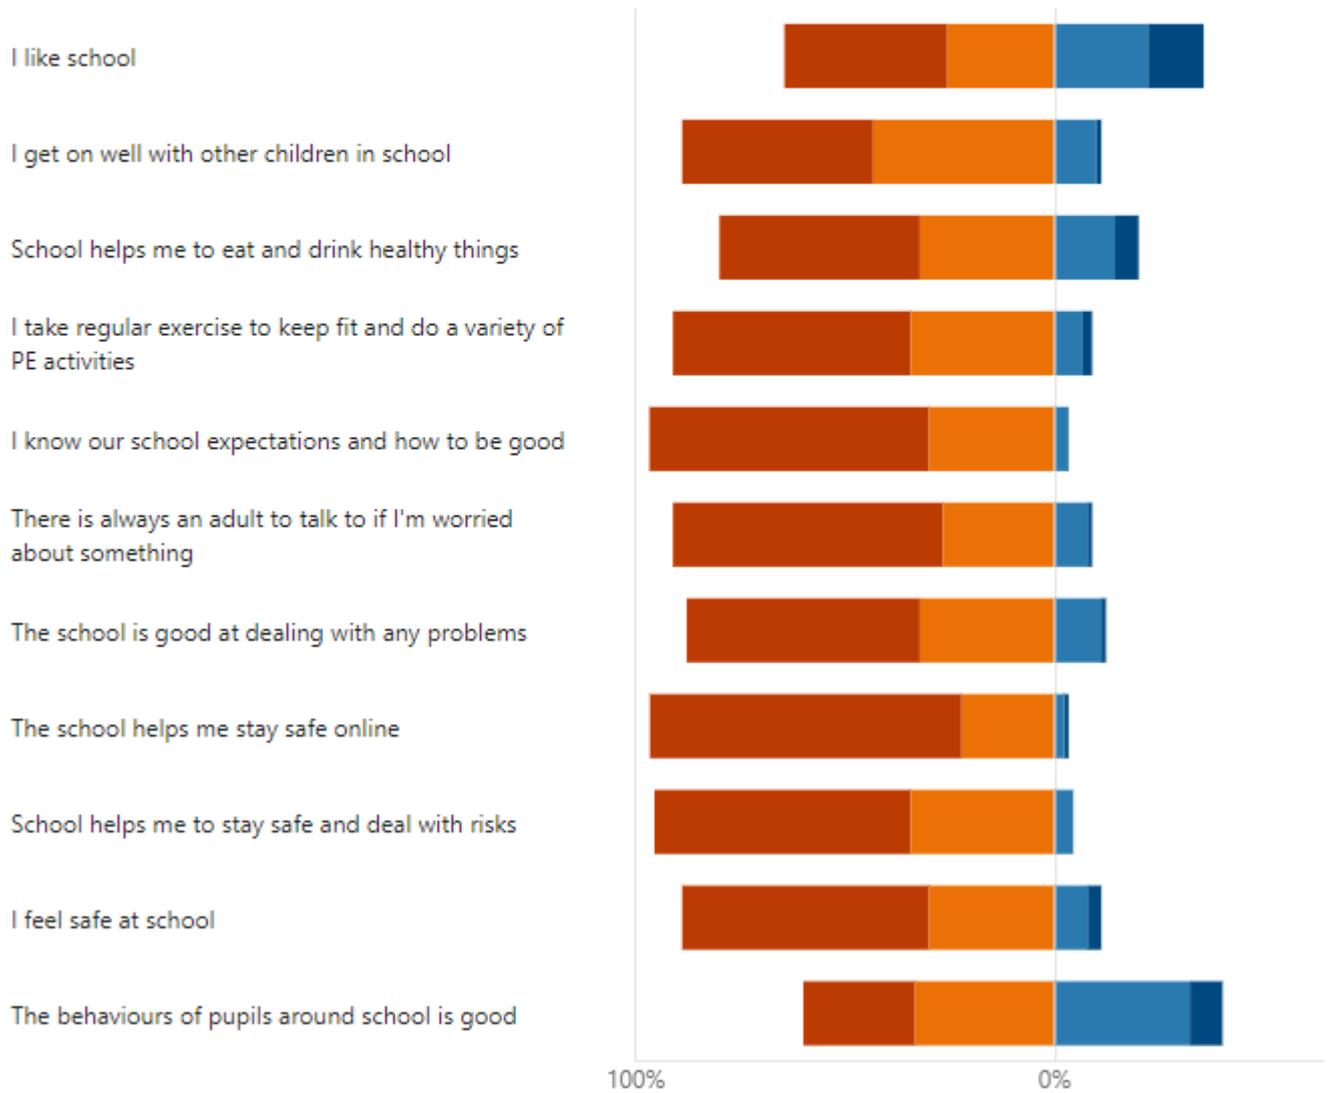

I am doing well(making progress/ improving)

I learn well because people in class behave well

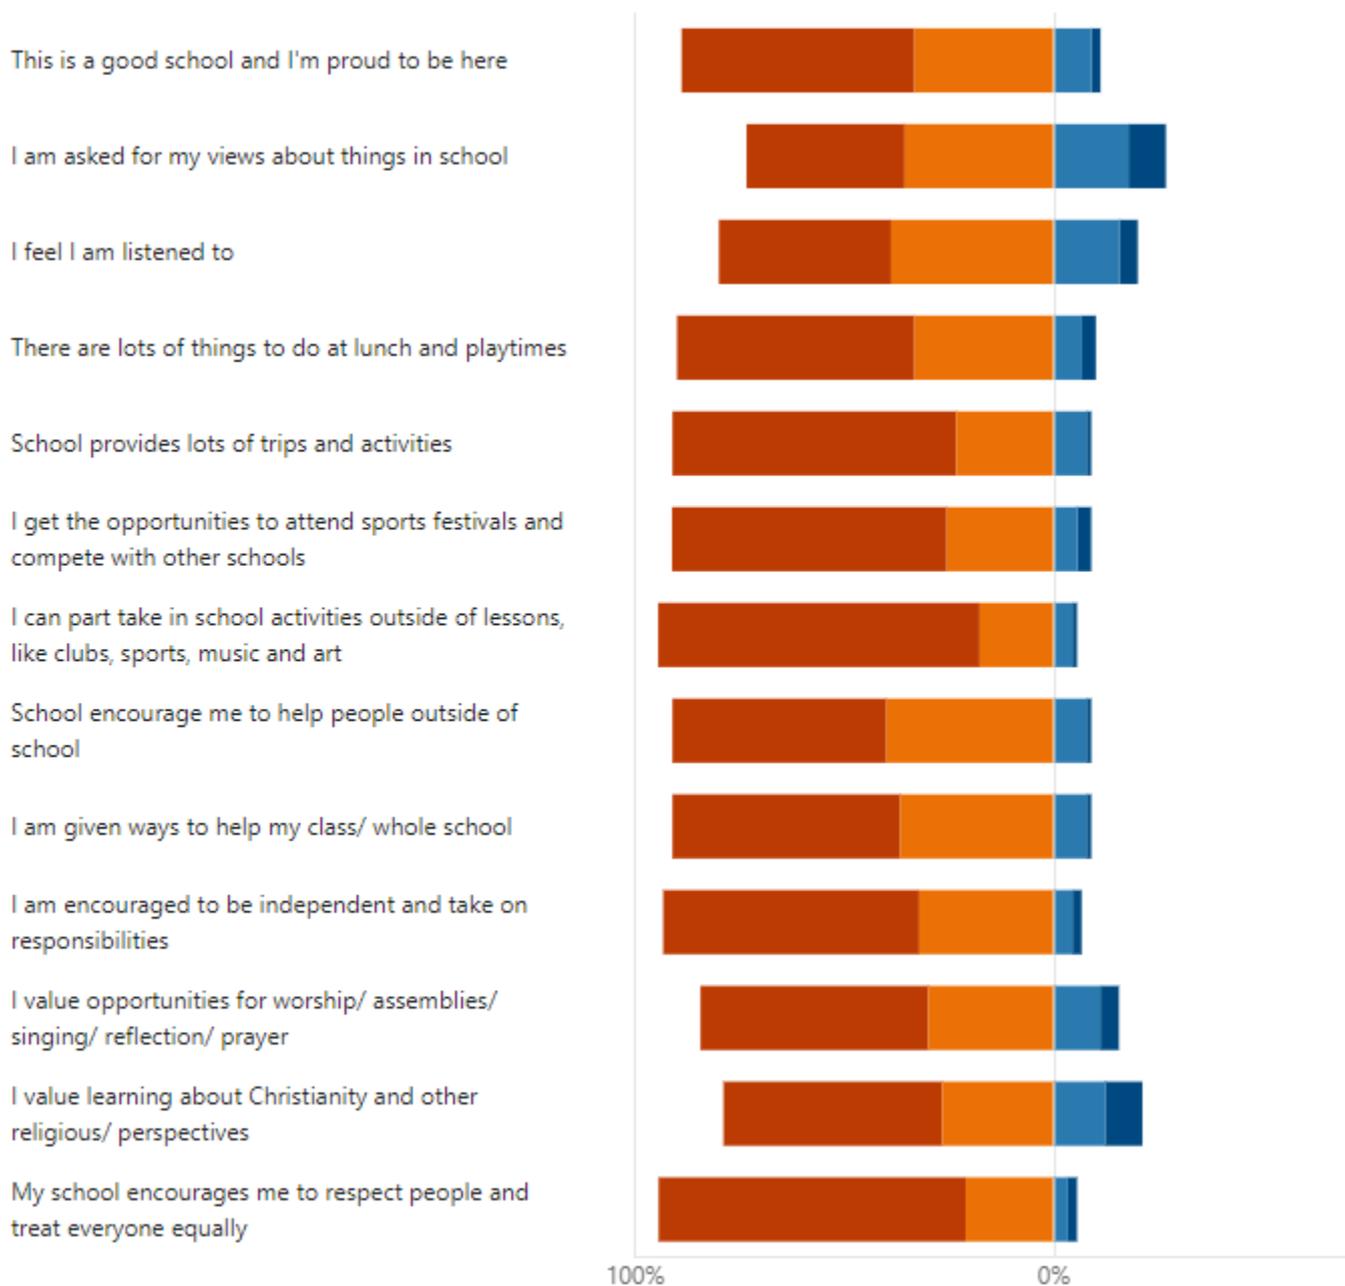

3. My Wellbeing

[More Details](#)

School Community

Pupil comments

I think that the school is very good. If possible i would like it if there was a bring your pets to school day for class 5. And that is being very picky!!!

I think teachers in school are caring and good and there good at their job.

It is a really good school and I would recommend it.

I really like Clee Hill and we get to learn. I would maybe like some more art ,music and more school trips. This is a very good school to go to

People help me with my hearing aids

People help other people

I love Mrs Little and all the teachers in the school. I feel safe and if I am upset I can speak to an anti bullying ambassador or to a trusted adult

I like school a lot because it helps me learn new things about Christianity and everything. If people want to join they can and we will feel like they are welcome so they don't miss anyone at home or from their old school

Pls can we have bouncy hoppers :)

I love school but I think my old school was just a little better

They are encouraged to help be kind and respectful

At home I can't sleep well so I feel tired in school and angry and silly.

Our school is the only school I want to be in

I like school really and if people would like to join it's fine we will make them welcome to the school like all the other people that have joined. When I've been in school the teachers are really nice and they will help you do your work if needed. It helps you a lot with mental health and physical health you can learn hard and easy questions like hard $567+709$ easy $12+9$ y If you need help put your hand up and they will answer you and you can ask for help. Our head teacher wants us to have fun and enjoy school so she's really kind and nice. She treats every one fairly there are 6 years and year 5 and 6 are mixed in class 6 but some year 5 are in class four with year fours. So if you want to join just search up Cleve Hill Community Academy and go to the home page and ring the school number.

This is a very kind and caring school so I love being represented here as a pupil of this amazing school.

I feel very, very, very safe at school

This is the best school in the world

I love this school

I love school!

I love school

Go to school later

It is fun when I am on my own

I really like how our school has break the rules day

I love this school
